2. The Association has its registered office in Paris, France.

ARTICLE 2 – OBJECT

1. The object of the Association is to promote research, development, and innovation (“R&D&I”) in the field of micro- and nano-electronics-enabled components and systems (the “Field”) in order to strengthen the competitiveness of European industry across the electronics value chain.
2. The Association will endeavour to achieve this object by:
 - a. Developing and keeping up to date the strategic R&D&I agenda in the Field (the “Agenda”), as a pan-European guideline for public-private partnership programmes at European Union, intergovernmental, national, and regional level;
 - b. Advising on all structural and regulatory matters relevant to creating and maintaining a climate in Europe favourable to education and R&D&I in the Field and to the economic growth of the corresponding sectors of industry;
 - c. Participating, together with the European Commission and Participating States, in Institutionalised European Partnerships relevant to the Field (the “Partnerships”);
 - d. Participating, together with Eureka member and associated countries, in Eureka Clusters relevant to the Field (the “Clusters”);

 - i. Doing all that which is related to what is stated above or may be conducive thereto all this in the broadest sense of these words.
3. The Association is a non-profit organisation composed of Members as defined hereafter in article 3 and Associates as per article 4.

ARTICLE 3 – MEMBERS

1. Members of the Association (“Members”) must conduct R&D&I activities in the Field, in Participating States of the Partnerships or Eureka member, partner, and associated countries. Members must not have been excluded from participation in the Framework Programme.
2. The Association has 3 (three) categories of Members: “A”, “B”, and “C”. Where reference is made in these articles of association (the “Articles of Association”) or in the Internal Regulations or in

resolutions adopted under the Articles of Association, to Member or Members, this will be understood to include Members A, Members B, and Members C, unless specifically stated otherwise or obviously intended otherwise.

3. Members A, hereinafter also referred to as “SME-Members”, must maintain an enterprise of micro, small or medium size as defined in recommendation 2003/361/EC of the European Commission dated May 6th 2003.
4. Members B, hereinafter also referred to as “Research Organisations-Members”, must be a nationally recognised university or a research institute with a non-profit objective.

 - e. The date of the receipt delivered by the prefecture at the occasion of the filing of declarations of modifications above mentioned.
7. The Supervisory Board must keep a register containing the names and addresses of all Members. Each Member is obliged to communicate in writing to the Association his address and any change thereto; the Association will regard this address as the valid address so long as the member has not communicated another address to the association in writing.
All consequences of failure to notify the Association of his address and changes thereto are for the account and risk of the member.
8. A Member-legal entity is represented by its legal representative or by 1 (one) person that had been granted the power to represent such Member by a power of attorney.
9. Membership is personal and therefore may not be transferred except for legal entities in case of merger. In this case, membership of the legal entity absorbed passes to the absorbing legal entity. The absorbing legal entity party must ensure that within 3 (three) months after the merger it entered in the register as referred to in paragraph 7 here above.
10. If a Member ceases to meet the requirements of membership, he is obliged to communicate this as quickly as possible to the Supervisory Board.

The Supervisory Board will take into account the principles of fairness, openness, transparency, and non-discrimination.
3. In deciding the admission of a Member, the Supervisory Board will take into account the fact that, in principle, if one legal entity of a Group becomes a Member, the other entities belonging to the same Group will automatically be regarded as Members. “Group” shall mean a group of legal entities under the same common Control and the controlling entity, and “Control” shall mean the power to direct the management of another legal entity, directly or indirectly, whether through ownership of voting rights, by contract or otherwise. Save for application of sub paragraph g above where the exclusion is with immediate effect, the exclusion shall be notified to the Member upon 30 (thirty) days prior notice sent by the Supervisory Board in writing.

- 4. The Supervisory Board may suspend for a maximum period of 6 (six) months a Member who acts in breach of the Articles of Association or who prejudices the Association in an unreasonable manner.
