

# EXPLORE BEYOND THE LECTURE HALLS!

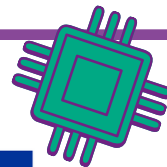

Intrigued by the **microelectronics** industry?  
Curious about the **innovators** behind it?  
Eager to find out new **career and learning paths**?

**BECOME ONE OF OUR  
STUDENT AMBASSADORS!**

Co-funded by  
the European Union

The **European Chips Skills Academy** is an EU-funded education and training project tackling the shortage of skilled professionals in the microelectronics sector.

Dive into our events and **be the voice of ECSA** on social media and on campus! Unlock opportunities for further study, meet industry trailblazers, and gain hands-on experience in the project.

## Why join the Student Ambassadors?

### Connect with the industry

Access industry events and experience hands-on demos with leading professionals!

### Get your ideas heard

Overflowing with ideas for new projects or events but unsure where to start? Let us help you turn them into reality!

### Choose your time commitment

Tailor your involvement as an Ambassador to fit your schedule and passions!
